19-40926-2	FAHIM HASAN NILAY	*Fahim Hasan Nilay*
19-39702-1	SREJON SAHA	*Srejon*

Project Title:

Smart Health Consulting Service

Short Description:

Health is really important to any human being in this world. Consulting a doctor is a quite obvious thing in our day to day life, but the availability of the doctor during the time of our requirement is unpredictable. As we are going forward to make Digital Bangladesh, every sectors are digitalizing their system day by day. So we planned to build a system which provide facilities for a patient to get consultation and make appointment with a doctor in a few minutes by visiting a website.

This website aims at getting appointments from various doctors for related treatments. To avail the facilities user must register as a member of this system. Patients can then select from a list of specialized doctors for respective treatments such as (skin specialist, ENT specialist cardiologist etc.) at particular locations. Patients may also select suitable appointment timings for their meeting. Doctors are also benefitted to reach patients in a hassle-free way .Overall it will simplify the task and facilitates the interaction between patient and doctor.
